Dear [redacted]

Subject: BBC-FBIS Coverage Coordination Meeting

The Ninth Biannual BBC-FBIS Coverage Coordination Meeting was held at the Bureau 11 June. Anthony Addington attended for BBC and Andy was also present as an observer.

Everything proceeded very smoothly; there was nothing spectacular or of other-than-routine interest. The attached minutes of the meeting give the whole story. Anthony assured me privately that BBC has no particular complaints about the Mediterranean Bureau's services to BBC. Splendid harmony reigns.

It is a great pleasure to have Andy with us. Our discussions of mutual problems have been most helpful.

Sincerely,
